Objective

Computer Science student at Misr International university. hard-working and consistent. Looking for job opportunity where I can apply my skills in software development and contribute to real-world projects.

Education

- 2015 – 2019 **Computer Science** Misr international university
Bachelor degree in computer Science.
- 2002 – 2015 **Secondary stage** Portsaid School

Certifications

- 2019 EMC Academic Associate, Information Storage and Management certificate EMC

Graduation Project

CyberBullying detection using machine learning techniques

Detecting Cyber bullying in chat using machine learning and deep learning. we are making chatting application with detection cyber bullying in messages using sentiment analysis and tfidf .and we are using another deep learning techniques.

Team role

i was responsible for front end development of the mobile application also I was responsible for the feature extraction in the machine learning.

Tools

Pycharm , Azure ,Android studio , FireBase,Node js

Courses

Networks

- Networks 1
- Networks 2
- Cloud Computing
- Data engineering

Machine learning Machine Learning

- Data Minning
- Artificial intelligence

Image processing Image processing

- Graphics
- Mobile Development

Programming

- Database
- Web Development
- Object Oriented Programming
- Software Engineering

Algorithms
